Profile

Front-End Developer with hands-on experience building responsive web applications using React.js, JavaScript, and modern UI frameworks like Bootstrap and Tailwind CSS. Proficient in using RESTful APIs, managing state with Context API, and building single-page applications with React Router. Possess basic practical experience in Flutter through a 10-month graduation project (*SkillMart*). Continuously learning back-end technologies such as Node.js.

Education

Assiut University

Oct 2021

BACHELOR OF COMMERCE – BUSINESS INFORMATION SYSTEMS (BIS) PROGRAM, ASSIUT UNIVERSITY

CGPA : 3.071 (B)

Experience / Courses

- **12-MONTH DIPLOMA, FULL STACK WEB DEVELOPMENT** — Route Academy
- **PROGRAMMING FUNDAMENTAL (HTML5 , CSS3 , JAVASCRIPT)** — Information Technology Institute
- **Introduction to Mobile Development using Flutter**— Information Technology Institute
- **Financial Literacy & Entrepreneurial Skills** — *CIB Egypt*
- **Digital Transformation and Data Literacy** — *CIB Egypt*
- **Human-Centric Interpersonal Skills** — *CIB Egypt*

Projects

Fresh Cart | React, React Router, Context API, RESTful API, CSS

Feb 2025

- Developed a fully responsive eCommerce web application allowing users to browse, search, and view product details.
- Implemented dynamic routing using React Router and managed global state with React Context API.
- Fetched product data from a RESTful API and displayed it dynamically within the app.
- Created a clean, mobile-friendly UI optimized for different screen sizes.
- Deployed the project online using Vercel.

Skill Mart | Flutter, Firebase

Jul 2025

- Led the front-end development of a cross-platform e-learning mobile application using Flutter .
- Worked in a team of developers over a 10-month period under academic supervision.
- Integrated front-end components with Firebase Authentication for secure login and registration. .
- Designed and implemented a responsive and user-friendly UI for course browsing, scheduling, and instructor-student interaction
- Collaborated with the back-end team to ensure smooth data flow and feature implementation, including online payments and progressive payment tracking.

Login System | JavaScript, LocalStorage, CSS

Dec 2024

- Built a simple login/signup system using pure JavaScript.
- Stored and retrieved user credentials using browser's LocalStorage.
- Engineered form validation to ensure input data integrity.
- Designed a user-friendly, responsive interface for both desktop and mobile users.

- Created a bookmarking tool allowing users to save their favorite website links.
- executed input validation to prevent invalid URLs.
- Saved bookmarked links using LocalStorage for persistence.
- Crafted a simple and clean UI for users to manage their saved links easily.

- enhanced a random quote generator displaying motivational quotes to users.
- Employed dynamic quote rendering using JavaScript arrays.
- Styled the app with a minimal, responsive design.

- Built a fully responsive website layout using HTML, CSS, and Bootstrap framework.
- Arranged multiple sections including a hero section, services, and contact form.
- Applied Bootstrap components to ensure mobile-friendly, clean design.

- established a tribute page featuring a biography and photo gallery for Morgan Freeman.
- Utilized Bootstrap components and custom CSS for layout and styling.
- Ensured full responsiveness across various devices.

Technical Skills

- **Languages:** HTML5, CSS3, JavaScript(ES6+), Dart.
- **Developer Tools:** VS Code, Git, GitHub, Chrome DevTools, Vercel, Firebase .
- **Technologies/Frameworks:** React.js, Flutter, Bootstrap, Tailwind CSS, React Router, Context API .
- **Problem Solving** : Basic problem-solving through coding challenges and logic-based exercises .
- **Currently Learning** : Node.js, Express.js, MongoDB .

Soft Skills

- Leadership and team management — led multiple university projects
- Strong self-learning ability with a continuous improvement mindset
- Ability to work under pressure and adapt to new environments
- Good time management and goal-oriented
- Effective communication and teamwork

Language Skills

- **Arabic:** Native.
- **English:** Intermediate (B2) – Good in reading, writing, speaking, and listening.
